

Adopters

Production

Please add your details here if you are using the Evaluation System in full production:

Institution	Contact people	Version used	Sakai version	Provider Source	Work you're doing with Eval Sys	Other details (including links to p functionality)
University of Cape Town	Stephen Marquard , Lovemore Nalube	Local branch (Planning to move to an updated branch patched with trunk@68816)	2-6-x			Opt-in self-service model, since 2007
University of Maryland	Rick Moyer	Trunk @ 63303	Sakai 2.5.x - cafe			Campus-wide course evaluation p for 6,094 groups and a possible 1- Hierarchy (deployed two levels: l course and instructor items), Exte 2007
University of Michigan	Sean Michael DeMonner	Forked 1.2.1 version - moving to 1.4 in Fall	2-7-x	https://source.sakaiproject.org/contrib/evalport/		Campus-wide course evaluation p External Providers, order data imp since 2006
Longsight, variety of clients	nicola@longsight.com	1.4.x with some patches from 1.5	2-8-x			Custom Hierarchy Provider for 2 c Provider for Delegated Access
University of Dayton	Leah Bergman	recent trunk	2.6.x			Using Eval Sys for distance learnir some departments using Eval Sys paper evaluations
Rutgers University	Joseph Delaney	1.3.0 tag with EVALSYS-1031 patch	2.9.x			University-wide, external group pi provider, external import method, processing and reporting, More info
Universidad Pública de Navarra (Spain)	Daniel Merino	11.x tag	11.4			Used to make evaluations about u University's official degrees. Since member of the University's comm evaluations.

Virginia Tech	Brian Broniak	1.4 (Fall 2012) w/ local modifications	2.8.1 (Fall 2012)		None, stopped as of Summer 2016.	<p>Virginia Tech moved to Canvas and with that moved away from E using a product called EvaluationK (ionkit.com/) which does everything then some. It's been a relatively € we've already used the new system Spring (2017) semester. If you'd like this change, just contact me via email that up.</p> <p>---</p> <p>Fall 2012 - Continuing full product versions - 4300 courses, 140,000 Now using email consolidation feature</p> <p>Summer 2012 - Successful runs for sessions (with 1.3 with local modifications)</p> <p>Spring 2012 - VT wide adoption (€ courses and over 125,000 evaluations)</p> <p>Fall 2011 - ran 2600 course pilot with evaluation requests Ran ~1000-course pilot in Spring with evaluation requests</p> <p>Implementation notes:</p> <ul style="list-style-type: none"> • We currently use the system for semester evaluations. We print fresh for each end of semester • We export data from the system use JasperSoft for reporting reports provided in system for • Questions we ask are chosen overall, colleges, and department hierarchy and allow some choice a predetermined menu; we encourage faculty to add their own questions • The system is centrally administered Learning Technologies department
Saginaw Valley State University	Robert Long	1.3.x - heavily modified	2.8.x			Heavily redesigned UI and workflow easy way to create, modify, and view
LAMP Consortium	Martin Ramsay	1.3.x plus the Longsight hierarchy deployment provider	11.3			We are a consortium of 25 colleges Many of our members are actively production environment, both for non-course related surveys. We're improving EvalSys. See our FARM Mature Tool" at http://www.tricidb6l/3GivM3pufoH .
Tufts University	Janet Hill, Will Humphries	1.4.0 with some patches and local modifications	2.8.x			
HEC Montreal	Curtis van Osch Philippe Rancourt	11-SNAPSHOT	11.3			<p>Widely used to replace paper for € evaluations (November 2015 to start 200 courses, April 2016 for the winter 1200 courses)</p> <p>Implementation notes:</p> <ul style="list-style-type: none"> • We currently use the system for semester evaluations. We keep system • Teachers can get their report • A global report showing average programs or sub-groups is generated data and distributed to all teachers • The system is centrally administered cannot add questions.

Pilot

Please add your details here if you are using the Evaluation System in a limit-scale pilot prior to taking a decision whether to continue using it in a larger way:

Institution	Contact people	Version used	Sakai version	Provider Source	Work your doing with Eval Sys	Other details
Oxford Uni	Adam Marshall	Trunk @65968				going into a Beta production service in early July. We have found LOADS of bugs - all are reported in Jira.
Indiana University	Karen Watkins, James Julovich, Jonathan Cook	trunk @r66422				Pilot since June 2010
Pacific Lutheran University	Bryan Bakotich	1.2.1				Have been using this for our faculty and staff administrator evaluations since 2009. Hoping the success from these evaluations will help people make decisions on piloting it for course evaluations.
Oregon Health & Science University	John Ansorge	patched 1.2.1				Longsight client, planning to scale up and would like to get to more recent version
Miami University Oxford, Ohio	David Scoville	1.4.x	2.7.x			Hoping to replace paper-based course/instructor evals
UC Berkeley	Daphne Ogle, Kevin Chan	1.3.x			UC Berkeley's design & development work	Piloted with 61 courses in Spring 2012. Planning a larger Fall 2012 pilot as we continue to do development work on Eval Sys to meet our needs for eventual production roll out.
Providence College	Adam Hauerwas	11-SNAPSHOT	11.4			Longsight client. Use Evaluation System in a novel way to administer Student Congress elections; apply an evaluation to a project site containing all students for a particular class year. Would consider expansion to course evaluations, so long as there were a person to administer for our campus.

Considering adoption

Please add your details here if you are evaluating the Evaluation System for future use at your institution.

Institution	Contact people	Other details
	Jon Hays, Owen McGrath,	Evaluating for Spring 2012
Georgia Tech	Clay Fenlason	Evaluating for feature gaps, and considering contracted development work.
University of South Africa	Magdaleen Arlow	Evaluating for 2011
UC Santa Cruz	Robin Ove, Rebecca Peet	Evaluating for 2011
New York University	Peter Morales	Evaluation for 2013

Project Team

Name	Institution	Role	Details
Aaron Zeckoski	Unicon, Inc.	Project Lead/Developer	Design/Tool/Logic/DB/Integration
Rick Moyer	University of Maryland	UMD Project Manager	Testing

Shaun Fleming	University of Maryland	Developer	Tool/ Hierarchy
Beth Kirschner	University of Michigan	UM Project Manager	Project Management / Testing
Catherine Crouch	University of Michigan	Business Systems Analyst	QA/Testing
Will Humphries	Edtech, Virginia Tech	Developer	Tool/Reporting

Note: ~~Name~~ = No longer on the project or inactive
