- QA tested on jdk 1.7.0_76 and tomcat 7.0.65

New Feature

SAK-29517 - Send comments to gradebook from Assignments for internal gb assignments

CLOSED

Before this feature

request, comments would only go to the Gradebook from Assignments if the Gradebook Item was created by the Assignments tool? After this feature, comments go to the Gradebook from Assignments there were associated with an existing Gradebook Item.

SAK-26182 - Re-word the checkbox options to make group and peer assessment settings clearer

CLOSED

SAK-26180 - Export the submitted time and if the submission was late in the CSV export

CLOSED

SAK-29713 - Assignment submission histories should reflect whether the instructor submitted on behalf of the student

CLOSED

Known Issues

SAK-39175 - mail from yahoo mail be rejected by Yahoo

CLOSED

- in the near future, this could affect other mail

services, like Gmail. We plan to have a 10.7 maintenance release to address this, out by January or February of 2016.

SAK-36011 - Table of Contents on Chrome prevents scoring and comments

CLOSED
