

# Sakai 2.9 - Chat Accessibility Walkthrough Script

## Chat Accessibility Walkthrough Script

This walkthrough is for the Student persona.

---

### Start of Walkthrough Script

#### Login and Find Tool

- Login with the "archatstu1" user account.
- In the worksites list (accesskey "Alt+w"), activate the "AR Chat 101" course site link.
- In the tools list (accesskey "Alt+l"), activate the "Chat Room" link.

#### Determine Current Chat Room

- There is a heading which tells which chat room is currently displayed. It should be the "Main Chat Room".

#### Switch Chat Rooms

- Use the "Change Room" link on the tool's option bar to switch the chat room to the chat room called: "Alternate Chat Room".
- Verify that the "Alternate Chat Room" is the currently displayed chat room.

#### Login with the Second User Account So Can Have a Real Chat

This second computer is only being used so a real conversation can be held. It does not need to have any adaptive technology unless required by the operator of this walkthrough.

- While still logged in and in the chat room on the first computer, use a second computer to login with the "archatstu2" user account.
- On the second computer, activate the "History 101" course site link.
- On the second computer, activate the "Chat Room" link.
- On the second computer, switch to the "Alternate Chat Room" chat room.
- Send a message from the second computer (the "archatstu2" account).

#### Read Messages

- Verify the message sent from "archatstu2" can be read on the first computer.

#### Send a Message

- Send a message from the first computer (the "archatstu1" account).
- Verify it can be read in the message history (on the first computer).

#### Send and Receive More Messages as Needed

- Send chat messages from each computer as needed to verify the functional accessibility of the chat room feature. Make sure the message history is accessible.

#### Determine Which Users Are in the Chat Room

- Find the "Users in Chat" list and determine who is in the chat room.

#### Logout and End of Script

- Logout of Sakai from both computers.
- 

### Pre-Walkthrough Setup

This section documents how to create the necessary content to perform the above walkthrough script. It is not part of the walkthrough itself. It is expected that a person with the ability to log into the QA server with admin rights will create this content before the walkthrough takes place.

#### Login as Admin

**Create three users:**

- archatins
- archatstu1
- archatstu2

**Create a course**

- Title: AR Chat 101
- Add the chat room tool
- Add user "archatins" as a participant with the "instructor" role
- Add user "archatstu1" as a participant with the "student" role
- Add user "archatstu2" as a participant with the "student" role

**Logout****Login as "archatins"**

**In the "AR Chat 101" Course Site, create a second chat room called "Alternate Chat Room"**

**Logout**
