Accessibility Issues and Recommended Solutions

Task / Subject	Results / Issue	Recommendations	Priority	JIRAs
Pre-Walkthrough Setup	No problems			
Add a syllabus description	Syllabus text looked as though it was the entire syllabus; when you go to next part of add hours, it came across as though you were making a new syllabus, not as though it was part of an existing syllabus.			
Add a web page	No problems			
Add a redirect URL	No problems			

Priority Definitions

- Critical: Issue will keep some/all users from being able to use this tool.
- Major: Issue will cause significant difficulty to some/all users and should be revised.
- Minor: Tool can be used successfully, but functionality will be significantly improved by fixing issue.
- Trivial: Indicates that this issue has a relatively minor impact.
