

Conferences and Events

The Sakai Community hosts and participates in a number of events each year, both online and in-person. Visit the links below to learn more about our annual conferences and events.

[Open Apereo Conference](#)

- Annual user and developer conference for Sakai as well as other Apereo project communities. Typically held in the summer (May or June).

[Sakai Pedagogy and Technology Conference \(or LAMP Camp\)](#)

- Annual summer conference hosted by the LAMP Consortium. Typically held in late July.

[Sakai Virtual Conference](#)

- Completely online annual event focused on teaching and learning with Sakai. Typically held in early November.

[Sakai Camp](#)

- Annual in person working session for strategy discussions, technical discussions, team-building, and more. Typically held in Orlando, FL in late January.
