

# Archive QA Info

## Quickstart

Welcome to the CLE QA Work Group space. This space is dedicated to coordinating functional testing for the Sakai CLE

- [Latest information on QA testing activities](#)
- [Verify resolved issues](#)
- Update Regression Test Scripts - <http://bit.ly/ZBOICa>
- QA email group - [sakai-qa@collab.sakaiproject.org](mailto:sakai-qa@collab.sakaiproject.org) . Sign up at <http://collab.sakaiproject.org/mailman/listinfo/sakai-qa>

## Pre-requisites for participating

### Pre-requisites for participating

**Required** - a Jira account is required. Sign up at <https://jira.sakaiproject.org>

**Required** - Join Sakai QA email group ([sakai-qa@collab.sakaiproject.org](mailto:sakai-qa@collab.sakaiproject.org)) or Sakai Dev group ([sakai-dev@collab.sakaiproject.org](mailto:sakai-dev@collab.sakaiproject.org)) to keep up to date with the latest announcements and ways to help with the testing effort.

**Optional** - Jira QA group - special permissions - You do not need special permissions to test fixes and to comment on Jira issues. There is a "Tested" button that indicates successful testing of a Jira issue. This button is only available if you are a member of the Jira QA group. This permission is granted to experienced testers. Contact [neal.caidin@apereo.org](mailto:neal.caidin@apereo.org) for more information.

**Hints** - Our primary tools are Jira, Google docs spreadsheets, and QA servers. Learning how to use Jira and what the fields represent is well worth the time.
