Community Support Statement

With the advent of the Sakai 19 series, official Community support for Sakai 11 ceases. Organizations running Sakai 11, 10 and earlier versions are strongly encouraged to upgrade to the Sakai 19 series in order to take advantage the most robust community support and most current security patches. Sakai 12 is still supported at this time.

License

The Sakai 19 series is licensed under the [Educational Community License version 2.0](#).
