OSP Community Resources

OSP Community Library Why re-invent the wheel? Check out our OSP resources in the OpenEd Practices resource repository for practical examples and inspirational ideas. Be sure and post your OSP artifacts--everything (from a rollout plan to XSD to screenshots to training materials, and everything in between) is welcome! [Engage in discussion](#) around the transformation of the OSP community library into a more general teaching and learning repository.

OSP Video Nice 3D conceptual video describing OSP.

OSP Community Directory Have questions about OSP at your institution? Here is a list of people running OSP at their institutions who may be able to answer your questions.

OSP Mailing List Join the **Project: Portfolio** mailing list to ask questions of the OSP community and read the latest OSP happenings.

OSP Documentation Primary OSP Documentation Space.

New: [Narrative of Portfolio Development](#)

Design & Development Resources

Portfolio (OSP) Meetings Agenda and notes from design and development meetings.

OSP Design & Development OSP Project Team dashboard. This is the home for the OSP Project Team within Sakai.

Jira The OSP Project uses Jira to manage issues.

OSP Procedure for Feature Requests

QA Testing Information for OSP

OSP Feature Template

OSP Report Definitions

Portfolio Visioning for Sakai OAE More information is available on the Sakai OAE project
