

Archive QA Info

Quickstart

Welcome to the CLE QA Work Group space. This space is dedicated to coordinating functional testing for the Sakai CLE

- [Latest information on QA testing activities](#)
- [Verify resolved issues](#)
- Update Regression Test Scripts - <http://bit.ly/ZBOICa>
- QA email group - sakai-qa@collab.sakaiproject.org . Sign up at <http://collab.sakaiproject.org/mailman/listinfo/sakai-qa>

Pre-requisites for participating

Pre-requisites for participating

Required - a Jira account is required. Sign up at <https://jira.sakaiproject.org>

Required - Join Sakai QA email group (sakai-qa@collab.sakaiproject.org) or Sakai Dev group (sakai-dev@collab.sakaiproject.org) to keep up to date with the latest announcements and ways to help with the testing effort.

Optional - Jira QA group - special permissions - You do not need special permissions to test fixes and to comment on Jira issues. There is a "Tested" button that indicates successful testing of a Jira issue. This button is only available if you are a member of the Jira QA group. This permission is granted to experienced testers. Contact neal.caidin@apereo.org for more information.

Hints - Our primary tools are Jira, Google docs spreadsheets, and QA servers. Learning how to use Jira and what the fields represent is well worth the time.
