

UStream Channels

[< Back to Main Conference Page](#)

Throughout the conference, each breakout room will be streaming live video on Ustream. Although we intend to stream and record everything, this is done by volunteer attendees, and **we cannot guarantee that all the sessions will be streamed**, as technical glitches might occur (such as a drop in wireless connectivity), or if the presenter forgets or refuses to be streamed or recorded.

 `Unknown macro: 'html'`

Check the [Unknown macro: 'html'](#) for the complete list of sessions in each room.
