

EvalSys Wishlist!

Please nominate your most desired evaluation wish list item. Ideally we want jiras that already have patches and just need to be merged:

EVALSYS-1387 - Reversed display of scale options when taking an evaluation

EVALSYS-1381 - [Consolidated email processing fails to record eval completion](#)

UPNA's Most annoying: EVALSYS-1000 - [Eval reopens without clicking on "Reopen and Save Settings" button](#)

UPNA's Most desired: EVALSYS-706 - [Should be possible to create parent-child questions](#)

EVALSYS-1351 - improved hierarchy loading

EVALSYS-1100 [Improvements in weighted means and pdf reports](#)

EVALSYS-114 [Enable all javascript on evaluation settings page](#) (A.K.A. "Calendar widget does not work in Settings page")

EVALSYS-1399 [Empty comments added to reports as "Comment text..."](#)

 [EVALSYS-1133](#) - Enable a method of limiting the amount of closed evaluations displayed in My Evaluations RESOLVED My Evaluations Performance!

 [EVALSYS-1370](#) - If Eval has no instructor-item questions, instructors cannot view results AWAITING REVIEW

 [EVALSYS-1398](#) - Add Profile[2] image to interface for choosing who to evaluate AWAITING REVIEW Add images of those being evaluated.
