

Thursday - Many Hands Make Light Work--A Practical Approach to QA Testing

Title	Many Hands Make Light Work: A Practical Approach to QA Testing
Description	Rather than hiring dedicated staff for QA testing, instructional technology consultants from campus teaching centers make up Indiana University's functional QA workforce. Each staff member is expected to devote 100 hours annually to testing. Panelists will describe an innovative QA model that could easily be adopted by other institutions.
Presenter	Lynn Ward, David Goodrum, Amy Neymeyr, Kristol Hancock, Madeleine Gonin, Roger Henry, Margaret Ricci
