

# PC-Sakai 2.4 Plans

2-Apr-2007 See [here](#) for details

Development Areas for OSP 2.4

- Improved the user experience (e.g. improved form rendering)
- Integrated reports ; users can now create customized report templates for institutional needs;
- Integrated the Goal Management Tool into OSP matrices and wizards
- Improved authoring flexibility - can now preview matrices, wizards, and portfolios
- Integrating a form builder - **XSD Weaver** is now available from the Sakai Contrib space at <https://source.sakaiproject.org/contrib/ucf/Xsdweaver/>
- Documentation to support campus implementation efforts (e.g. for authors, end users, faculty, and implementation teams)
