### **To subscribe or unsubscribe to email groups**

Send an email to the relevant email address by adding "+subscribe" or "+unsubscribe" to the email address. For example, sending an email to [sakai-dev+subscribe@apereo.org](mailto:sakai-dev+subscribe@apereo.org) will subscribe you to the [sakai-dev@apereo.org](mailto:sakai-dev@apereo.org) email list.

### **Google Apps Institutions**

- If you are part of an institution that uses Google Apps, and your institutional settings do not allow you to post via the web forum, you should be able to send email to the list, just not post via the web.
- In some cases, your institutional settings may not allow you to subscribe using the email method nor using the web. In this case, please email the list owner to subscribe using the formula (list)+owner@apereo.org. For example, email [apereoTL+owner@apereo.org](mailto:apereoTL+owner@apereo.org) and ask to subscribe.
