

Thursday-OpenSyllabus Hands On (with interview)

[List of Session Wiki Pages](#) | [Full Conference Schedule](#)

OpenSyllabus Hands On

Description	In this hands-on session, the participants will build a real course outline using an Open Syllabus demo template. Elements like learning objectives, documents, citations, assignments, etc. will be added to the appropriate parts of the syllabus. Participants will also learn how to set the attributes of a resource (access, use, visibility, etc.)
Presenters	Jacques Raynauld - HEC Montreal
Day, Time, Location	Thursday, 16:00 to 16:45, Haym Saolman
Track	Using Sakai
