

Home

Information

The Breeze Link allows a Sakai installation to seamlessly connect to a Breeze (Adobe Connect) server and allows users to connect to Breeze meetings with a single click. No additional sign on is required and users will appear in the meeting with their display name from Sakai.

Project Team

[Aaron Zeckoski](#) - CARET, Cambridge, UK - Project Lead
David Horwitz - UCT
Yintao Liu - CARET, Cambridge, UK
Jing - CARET, Cambridge, UK
Andrew Thornton - CARET, Cambridge, UK (initial work)
