

Meetings

Between now and December 2007 we have set up a series of online conferences scheduled for Fridays at the following times:

Sept-Oct, 12:00 PM, Eastern Daylight Time (EDT), UTC-4.

Nov-Dec, 12:00 PM, Eastern Standard Time (EST), UTC-5.

The meetings provide an opportunity for those of you deeply involved in running a production deployment to meet and share information.

If there is sufficient interest, we can turn this into a regularly-scheduled occurrence going forward.

Connection Info

The Conference Bridge, courtesy of Indiana University, supports both network (e.g., Polycom, XMeeting, NetMeeting) and telephone connections.
