Blocker priority existing in 11.2; fixed in 11.3 (not including Accessibility updates, some of which were tagged as blocker)

Summary	Description
SAK-3081 - Getting issue details... <input type="button" value="STATUS"/>	Regression: Multiple Choice answers missing when revising assessment
SAK-32131 - Getting issue details... <input type="button" value="STATUS"/>	Resources tool stack dumps when attempting to show file with some unicode characters
SAK-31731 - Getting issue details... <input type="button" value="STATUS"/>	Following changes in 11.1, the sites no longer flow onto a new line in IE because we now use a flexbox and.. something we're doing isn't supported.
SAK-32103 - Getting issue details... <input type="button" value="STATUS"/>	When selecting: Display this file to selected groups only, the options showing Title and Description for the groups displays, but the groups are not available.
