Goal

Host one online presentation per month **beginning in September 2012 - May 2013** -- and represent a variety of institution types, disciplines, and countries.

Requirements

- Identify a faculty member at your institution who would be willing to demonstrate some aspect of his/her course that works well, has learning impact
- Is willing to be recorded during the session
- Can do 15-20 minutes of show & tell online (perhaps screen shots to reduce some of the technical glitches that will inevitably ensue) followed by facilitated Q&A
- Recorded & made available online for later viewing
