## Attendees

Seth Theriault  
Pete Peterson  
Anthony Whyte  
Adam Hocek  
Dede Hourican  
Megan May  
Jean-François Lévêque  
Charles Hedrick  
David Haines  
Matt Jones

## Minutes

Sakai 2.6.1

- Conversion scripts ok? - Pete will close and send email
- DB2 scripts - Adam and rSmart
- Conversion script documentation - Megan and Seth: [Example from 2.5.x](#)
- SAK-15808 - just fixed by Charles will be in 2.6.2
- SAK-16852 - messages not being sent - Charles will be working on it for 2.6.2
- Search, errors, seems unusable. requesting work be done

Sakai 2.7

- Freeze dates:
  - Dec 1st, 2009 - Feature enhancements
  - Jan 31st, 2010 - Bug Fixes
- Trunk experimental branch - Anthony will be creating this today. Allows QA to continually test features and fixes.
  - will include the latest snapshot Forums (Message Forums) artifact

Other

- Jean-François would like to contribute to building a community Suite of Selenium scripts from the existing scripts for 2.6, 2.7, etc. The first step would be to merge available scripts. Where are they? Which version are they for? Do you have more scripts to contribute?

## Action Items

- Conversion script blocker - Pete will close and send email

- Conversion script documentation - Megan and Seth
- DB2 scripts - Adam will contact rSmart about these scripts
- SAK-15808 - set fix version to 2.6.2 -
- SAK-16852 - set fix version to 2.6.2 -
