

ST.Script.03.Add Maintainers

Add Maintainers

 As of September 19, 2011

Please do not use the scripts below. The OSP test scripts have been moved to a public Google Docs spreadsheet, which is available at: https://docs.google.com/spreadsheet/ccc?key=0AIdPCURzarLgdDY0TmJxcFV1R3hQaHZyWXRUBUpTRIE&hl=en_US#gid=0. This will allow concurrent editing of each script and easier documentation and tracking of results.

Script Information

Description	The Administrator adds appropriate test users as maintainers in appropriate sites.
Role(s)	
Special skills required to run test	None
Dependencies	Previous scripts executed in sequence.
Time required	~15 minutes
Last Updated	Updated for 2.8 on 10/19/10

Testing Steps

Step	Action	Expected Result
1	Select Portfolio Admin tab. If it is not present, select My Active Sites instead.	If 'Portfolio Admin' tab was present, the 'Portfolio Admin' site displays. Otherwise a list of Administration sites appears.
2	Select Portfolio Admin site link from the list.	Portfolio Admin 'Site Information Display' appears.
3	Select Site Info from the left-hand menu	'Site info' tool appears.
4	Select the Add Participants tool action.	'Add Participants' form appears.
5	In the Official Email Address or Username text area add ' dschmidt ' Ensure Assign all participants to the same role is selected. Select ' Continue '	Choose a role form appears.
6	Choose Program Admin and select Continue .	Email notification screen displays.
7	Ensure that Don't send... is selected and select ' Continue '	Confirmation page appears with Deaton Schmidt in the list with a single entry.
8	Select Finish	Site Info page appears with Deaton Schmidt listed with the appropriate role.
9	Select Test Project tab. If it is not visible, select My Active Sites and select it there	Test Project Site Home appears.
10	Repeat steps 3-8 using: - ' kfoster ' in place of ' dschmidt ' in step 5. - Program Coordinator in place of Program Admin in step 6.	
11	Repeat steps 3-8 for kfoster as instructor in the course site and CIG Coordinator in the portfolio site.
