

University of Cape Town System Requirements

Sample use cases

See [UCT Sample Use Cases](#)

Evaluation structure

Repeating sections

- Need to be able to repeat question blocks for (1) lecturers, (2) tutors (lecturers = Instructors, tutors = TAs). May need different ways of selecting the lecturers/TAs for whom question blocks need to be repeated.

Question format

- Ability to associate a comment with a multiple-choice / scaled question, and optionally make the comment compulsory

Reporting

- (Define what reporting format we may need)

Permissions

- (Define who does what - see if this aligns with permissions/hierarchy)
