

Sakai Board -- Communications

This is the former home page for the Sakai Board Communications space. Documentation provided here is largely of historical/archival interest. From May 2012, Minutes and other documentation will be published via the Sakai website, at <http://www.sakaiproject.org/documentation>

Any enquiries should be directed to Ian Dolphin iandolphin@sakaifoundation.org or Deb Smith dsmith@sakaifoundation.org.

===

It is where the Board minutes and any other communications from the Board will appear, and where questions about these will be answered. The minutes will be of more or less rough form, as we figure out the best combination of brevity and content, and as scribes change.

Every face to face Board meeting will be posted here, as well as the regular phone conference meetings the Board has every week or so. Board Minutes pages are locked. If you want a change made, contact Michael Korcуска. Anyone can read these minutes, and comment, they are open to the public. The Board members will try to respond to comments in a reasonable time. If a concern is urgent, please send a note to Mary Miles.
