

# 2008-07-28 Conference Call

Meeting minutes for July 28, 2008

## Sakai/OSP 2.4/2.5

- [SAK-13892](#) Should solution involve Security Advisor and allow hidden resources to be viewable within Matrix Cells? Alternately, should hidden items remain hidden in matrix cell? Current 404 error is of course not acceptable. Chris to send email to dev list for discussion.

## Sakai/OSP 2.6 and beyond Development Status

- [SAK-13146](#) Add custom form as an option on main page of wizard *work continues*
- [SAK-13719](#) (IUPUI) Matrix tool / tracking permission changes *work continues, wizard permissions not currently in scope for IUPUI branch*
- [SAK-13917](#) default image upload to worksite/public *Charles to send revised post to dev list*

## New Development for 2.6

- Please read/revise/comment Jan's writeup for the next call at [Proposed Changes to UX for Portfolios Tool](#)
