

# 2008-05-05 Conference Call

Meeting minutes for May 5, 2008

## Sakai/OSP 2.4 Status

- Nothing new (SAK-13271 still outstanding)

## Sakai/OSP 2.5 Status

- Long-term Goal Management support still outstanding. If GMT build problem fixed, no one objects to returning it to the nightly build. GM-151 is still outstanding/unassigned.
- New: SAK-13468 and SAK-13483

## Sakai/OSP 2.6

- [Form Data Extraction and Summary Data Presentation](#) Noah has updated this page with a screenshot; more technical details forthcoming

## Misc

- An afternoon Paris pre-conference session is preferred if possible
- There was not much support for a post-conference session; a BOF will be proposed in its place.
