Accessibility WG Teleconference Minutes 03-06-2014

Attending:

- Matt Clare
- Joe Humbert
- Neal Caidin
- Gonzalo Silverio

Agenda:

- Follow-Up on Signup tests being sent
  - Patches might not be possible
  - No form labels!?!?! Yes.
  - Many more issues...
  - Scripts from Yale: https://drive.google.com/file/d/0B62T4ILQT9jmX1BWVW1BdnZpVEdRSGlNSEdBaFd5eGJqZDJ3/edit?usp=sharing
- Samigo and Time limit groups / Roster Groups updates and privacy implications
  - http://www.screencast.com/t/ny5jSOspOs Trying to use one students Profile > Privacy to it's most private and then see what another student could see in Roster2 and the other student could see the first (trying to be more private) student's entry in their shared group
- Datepickers - https://jira.sakaiproject.org/browse/SAK-23662
  - Sakai-datepciker w/ jQuery UI Annoucements, Message Center/Forums, Assignments & Polls also use this picker too. (like deque)
    - Resources, Samigo use a new-window picker called the "Tigra Calendar"
    - Gradebook and Signup use yet another, Apache MyFaces Calendar
    - Joe: Mary is going to see if Mary can take it for a test drive.
- https://confluence.sakaiproject.org/display/PMC/Decision+register
- From Sakai Core Group: April 4th target for the first RC   (fyi, the release group has renamed itself to Sakai Core Group)

JIRAs

- https://jira.sakaiproject.org/browse/SAK-25813 Strange - Jump to Content message when logging on for first time
- https://jira.sakaiproject.org/browse/SAK-22723 - Access and Availability selected form controls are reset when submitting a new announcement in the Announcement tool has an error - Matt to clarify with Jing video
- https://jira.sakaiproject.org/browse/SAK-22727 - Unlabeled combo box in Assignments tool
- https://jira.sakaiproject.org/browse/SAK-22797 - Numerous sets of radio buttons or checkboxes lack a fieldset and legend on multiple pages in the Assignments tool.
- https://jira.sakaiproject.org/browse/SAK-22571 - The All Grades table is two tables and a list coded to visually display as one table. Users of screen reading software will have a hard time navigating and understanding these tables. -- Test for 10 review - Is this still relevent?
- https://jira.sakaiproject.org/browse/SAK-22813 - Multiple buttons are part of an HTML heading when they should be separate on the All Grades page of the Gradebook tool
- https://jira.sakaiproject.org/browse/SAK-22805 - The Assignments tool assignment Reorder tool is not accessibile using screen reading software
  - Looks like it's hold ctrl and move. Needs instructions? -- Matt to build some.
    - ctrl key may be an issue - JAWS might want to steal the ctrl key
    - FLUID's reorder
