

Medical - Health Sciences BOF

Overview

This is a group for those interested in using Sakai for Medical and Health Sciences Education. It started from a gathering of interested people at the annual Sakai conference in Denver. We hope that by working together on common issues we will be able to share resources, spur relevant development work, and expand the capabilities of Sakai to meet our common needs.

We welcome participation of new members!

Please enter your contact / institution information below:

Name	Email	Institution	Notes About Your Implementation of Sakai / Other LMS	Interest
Greg Doyle	gregory . doyle@uct.ac.za	University of Cape Town	using Sakai for 3 years	Assessment (Extended Matching Items & MCQ Bank), OER, Curriculum Mapping, Lock down browsing
Steve Lonn	slonn@umich.edu	University of Michigan	Using Sakai since 2005	Not sure -- general interest in this area
Eric Hanson	eric.hanson@usuhs.mil	Uniformed Services University of Health Sciences (USUHS)	Started Sakai for classes in JAN 11 using rSmart 2.71	Calendering, Portfolio, Assessments, mobile and OAE
Dina Kurzweil	dkurzweil@usuhs.mil	USUHS		
Beth Marsellas	kmarcellas@usuhs.edu	USUHS		
Nadia Sultana	ns56@nyu.edu	NYU - School of Nursing	Using Sakai 2x	
Stacy Morrone	amorron@iu.edu	Indiana University	Using Sakai since 2005	
Michael Bangert	mbanger@indiana.edu	Indiana University School of Medicine	Evaluating Sakai	
Tom Boudrot	boudrott@ohsu.edu	Oregon Health Sciences University	Using Sakai since 2007	Course evaluation (Eval Sys) and testing
Sharon Combs-Eisenbarrth	scombs@neomed.edu	Northeast Ohio Medical University (previously known as) Northeastern Ohio Universities Colleges of Med and Pharm	Using Sakai since 2007	Assessment for M3 Clerkship and M4 utilizing Evaluation or OSP tools, Test & Quizzes tool for online testing, integration with Banner to display grades to students, integration with BLine system, joint Sakai development for medical-school specific needs, and curriculum mapping.
Hannah Reeves	hannah . reeves@tufts.edu	Tufts University	Some schools moving to Sakai in 2011	

Brian Moynihan	moynihan@med.unc.edu	UNC	SOM in second year of using it. Sakai will be official UNC LMS by 2014.	Curriculum mapping, OER question bank, joint Sakai development for medical-school specific needs.
Brian Tobin	btobin@stanford.edu	Stanford University School of Medicine	Moved to Sakai 2009 from BB CE6 (main campus has been Sakai for a few years)	
Anoop Kumar	anoop.kumar@tufts.edu	Tufts University		
Robert Gérin Lajoie	robert.gerin-lajoie@umontreal.ca	University of Montréal	project MPASS -Sakai 3	
Marc Triola	marc.triola@nyumc.org			
Richard Ratelle	Richard.ratelle@umontreal.ca	University of Montréal	project MPASS -Sakai 3	
Tim Ayliffe	tayliffe@sgu.edu	St. George's University		
Joan Lafuze	jlafuze@indiana.edu			
Paulus Djajapr anata	paulus.djajapr anata@ucdavis.edu	University of California Davis		
Theresa McCann	tmccann@sgu.edu	St. George's University		
robbie hage	rhage@sgu.edu	St Georges University	moving to Sakai	curriculum mapping, short on-line courses
Gina Siesing	gina.siesing@tufts.edu	Tufts University	implementing Sakai as common University platform and migrating in three phases	Facilitating and contributing to community planning for Sakai-based development and integration of Medical / Health Sciences functionality, including patient logging, virtual patient systems, etc., in partnership with TUSK colleagues (TUSK = Tufts University Sciences Knowledgebase, the platform that is used by Tufts' Medical, Dental, and Veterinary Schools and by several external partners.)
Andy Valenti	andrew.valenti@tufts.edu	Tufts University	Sakai 2.7 going live for School of Arts and Science, School of Engineering, and The Fletcher School for the Fall 2011 semester	I am the project manager overseeing the phases including integration with TUSK
Anand Mehta	asmehta@mdanderson.org	MD Anderson Cancer Center	Using Sakai since 2009	Want to learn what/how Sakai tools are being used to support medical education.

Projects

Name	Email	Institution	Projects working on at the moment
Greg Doyle	gregory.doyle@uct.ac.za	Cape Town	1) Adding EMI question type to samigo 2) MCQ Question Bank
Brian Tobin	btobin@stanford.edu	Stanford	improving Schedule tool iCal feed so you can tie videos/media automatically to a Schedule session

Michael Bangert	mbanger@iupui.edu	Indiana Univ Sch of Med	Deciding how, when to migrate to a new LMS, and deciding what platform to use, we are currently on Angel 7.4 and need to begin migrating summer 2011

Comparative Matrix of Tools Used to Support Aspects of Medical/Health Science Education

Functionality	Institution	Application /Tool Used	Notes on Usage
Assessment	NE Ohio Univ Colleges of Med and Pharm	LXR Vovici	Used for online testing Faculty and Course evaluations
Curriculum mapping	NE Ohio Univ Colleges of Med and Pharm	Pharm- E*Value	
Clinical assessment	NE Ohio Univ Colleges of Med and Pharm	B-Line	
ePortfolios	NE Ohio Univ Colleges of Med and Pharm	Sungard Banner	used for faculty ePortfolios currently not tied to Sakai - no student ePortfolios
Virtual patients	NE Ohio Univ Colleges of Med and Pharm	Wasson Center	
Case simulation	NE Ohio Univ Colleges of Med and Pharm	Wasson Center	
Adverse events tracking
