

# Screen shots

## Adding a top-level page.

Top-level pages appear as separate Sakai tool instances so they are in the left margin.

The screenshot shows the 'Site Info' page with a yellow header. Below the header, there is a section titled 'Add Multiple Tool Instances' with a sub-section for 'Lesson Builder'. The 'Lesson Builder' section has a 'Title' field containing 'Unit 2' with a note '(Suggested length 15 char.)' and a 'Link to Library eReserves' button. Below the title field is a dropdown menu 'More Lesson Builder Tools?' with a plus icon. At the bottom of the section are three buttons: 'Continue', 'Back', and 'Cancel'.

## Editing a page

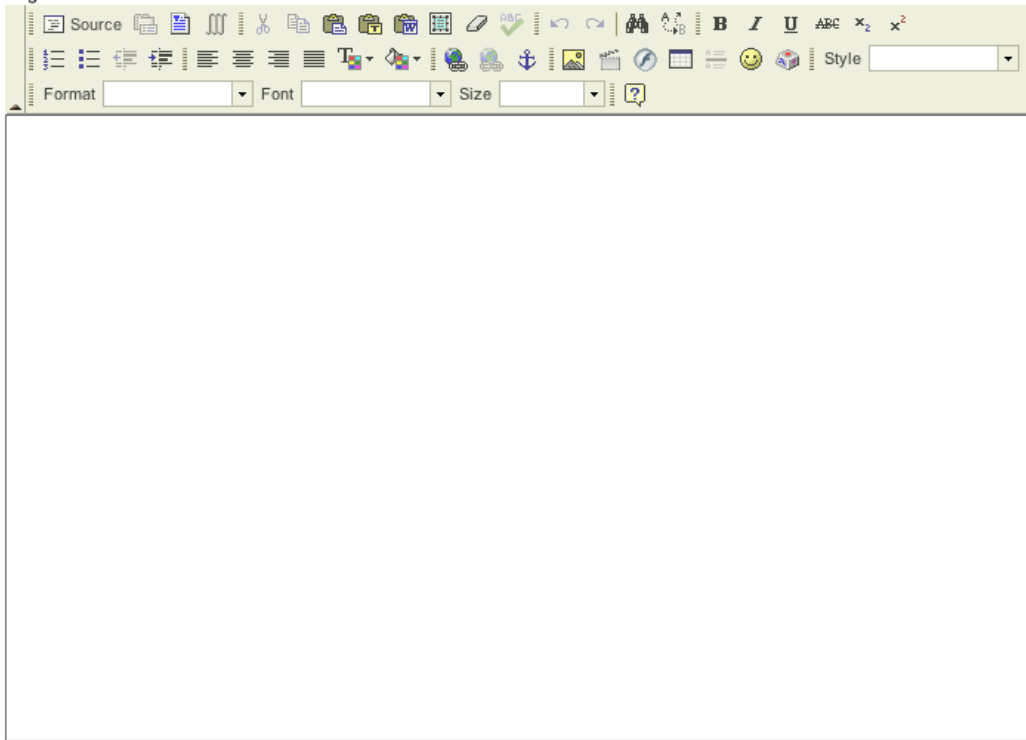

When first going to a new page, you are put into this page (with no content, obviously).

The screenshot shows the page editing interface. At the top, there is a blue information bar that says 'After completing a required item, please refresh to update status icons.' Below this is the page title 'page 1' and a 'Settings' button. A horizontal toolbar contains buttons for 'Reorder', 'Add Text', 'Add Resource', 'Add Subpage', 'Add Assignment', 'Add Quiz', 'Add Multimedia', and 'Permissions'. The main content area lists four items: 'MIT', 'CNN', 'test 1.6', and 'sub 1', each with a green checkmark and an 'Edit' button. Below the list is a text area containing the word 'foo' and an 'Edit This Text' button. At the bottom, there is a 'left.gif' image with a green checkmark and an 'Edit' button, and an assignment titled 'assign 13' with a due date of 'Due Oct 24, 2010 5:00 pm' and an 'Edit' button.

## Adding HTML content

The normal FCK. There is a page property to control whether to filter HTML (not yet shown in the UI).

Page Content

A rich text editor interface with a toolbar at the top. The toolbar includes icons for source code, undo, redo, bold, italic, underline, text color, background color, link, unlink, list, indent, outdent, and style. Below the toolbar are dropdown menus for Format, Font, and Size. The main content area is a large, empty rectangular box.

## Adding a resource or link

You can upload a file or supply a URL. These are currently shown in a new window.

### Please Choose a File

Please Choose a File to Add to the Page

Upload local file  no file selected

or a URL (link to website)

### Select a resource

Location:

Title	Actions
test	
.TemporaryItems	
Presentations	
foo	
.DS_Store	<a href="#">Attach a copy</a>
.login	<a href="#">Attach a copy</a>
<a href="https://sakai.rutgers.edu/portal/site/0aaae6ef-cb01-4578-0099-888d344b524b">https://sakai.rutgers.edu/portal/site/0aaae6ef-cb01-4578-0099-888d344b524b</a>	<a href="#">Attach a copy</a>
<a href="http://www.foo.edu">www.foo.edu</a>	<a href="#">Attach a copy</a>
<a href="http://www.mit.edu">www.mit.edu</a>	<a href="#">Attach a copy</a>
<a href="#">Show other sites</a>	

## Adding a subpage

When you first go to it, you have a blank page editor.
