

# The OSP Idea to Implementation Process

## The OSP Idea to Implementation Process

**Speaker(s):** Melissa Peet; Gonzalo Silverio; Wende Morgaine; John Gosney

### Session Abstract

Educators and developers work together to provide guidance and resources for those wishing to implement OSP. This includes a discussion of the various stages (e.g. planning designing, building and testing) involved in developing a successful OSP environment. Participants will receive a step-by-step guide, authoring documentation, and examples of successful OSP implementations.

### Presentation Materials

- Session leaders are encouraged to post their presentation materials as Attachments to this Page. (See Attachments tab above.)

### Podcasts

- Session leaders are encouraged to post their podcasts on the main Amsterdam Podcasts page (a central repository of podcasts) and may also choose to link to them from their session page. See the main Amsterdam conference wiki page for more details.

### Additional Information

- Session leaders are also encouraged to appoint a session convener, a podcast recorder and/or a note-taker and post the minutes of their session on a Page (see Add Page link near top-right.)
- Participants and Session Leaders are encouraged to post Comments (see Comment form below) or create additional Pages as needed to facilitate collaboration (see Add Page link near top-right.)
- - Child Pages for this session (Added Pages will automatically appear in this list)
