

Mneme - Test Center - A New Assessment System

Mneme: Test Center - A New Assessment System

Speaker(s): Vivie Sinou; Glenn Golden

Session Abstract

Mneme: Test Center is a new assessment system for Sakai. It will have an authoring module to create questions and manage question pools, test publishing for organizing and managing tests; an evaluation component, optionally integrated with Sakai's Gradebook, and QTI import/export support. Test Center will be high performance, designed to handle large installations. Presenters will give an overview of the upcoming modules and functionality.

Presentation Materials

- For information about Mneme, please see Mneme's web site: <http://etudesproject.org/mneme/index.html>

Podcasts

- Session leaders are encouraged to post their podcasts on the main Amsterdam Podcasts page (a central repository of podcasts) and may also choose to link to them from their session page. See the main Amsterdam conference wiki page for more details.

Additional Information

- Session leaders are also encouraged to appoint a session convener, a podcast recorder and/or a note-taker and post the minutes of their session on a Page (see Add Page link near top-right.)
- Participants and Session Leaders are encouraged to post Comments (see Comment form below) or create additional Pages as needed to facilitate collaboration (see Add Page link near top-right.)
- Child Pages for this session (Added Pages will automatically appear in this list)
