

Accessibility WG Teleconference Minutes 01-09-2014

Attending:

Matt Clare, Gonzalo Silverio, Joe Humbert, Neal Caidin

Agenda:

Sakai 10 Planning

- Proposals are as sub-pages in - <https://confluence.sakaiproject.org/pages/viewpage.action?pageId=86770615>
- And other smaller features are <https://jira.sakaiproject.org/browse/SAK-24197>
- Release notes - <https://confluence.sakaiproject.org/pages/viewpage.action?pageId=86245732>
- PMC decision register - <https://confluence.sakaiproject.org/display/PMC/Decision+register>
- Other things coming - Delegated Access , MathJax , etc.
 - <https://jira.sakaiproject.org/browse/SAK-22384> - MathJax
 - f Math in CKEditor was added in Sakai 2.9.2 - <https://jira.sakaiproject.org/browse/SAK-23266>

fMath is Flash based and is not accessible, but there's little that can be done to address with starting a new math formula CREATION project. MathJax does display math in a way that a screenreader and interact with i

- Other Feature Requests - <https://jira.sakaiproject.org/browse/SAK-24197>

Schedule for Sakai 10 - <https://confluence.sakaiproject.org/display/REL/Sakai+10+Release+Schedule+and+Scope>

Beta (scope frozen) target date - Jan 31

Release Candidate target date - March 28

GA release target - April 30

QA3-US Contact at IU = Greg Thomas (gjthomas@iu.edu)

-- Matt Will reach out about upgrade etc.

A11y Jiras that need testing/review

Update jQuery UI accordion widget when ready upstream

- 1.10.4 of jQuery UI may have the update

<https://jira.sakaiproject.org/browse/SAK-23740>

Labels for time selection are displayed inconsistently

Neal - from review of Criticals (may be redundant with stuff above...)

<https://jira.sakaiproject.org/browse/SAM-2035> - a11y

-Matt will E-Mail Karen and Lydia (lydial@stanford.edu)(sp)? Karen Tsao <ktsao@stanford.edu> , Lydia Li <lydial@stanford.edu>

<https://jira.sakaiproject.org/browse/SAM-2042> - a11y common problem in tools

- Joe to chase

<https://jira.sakaiproject.org/browse/SAM-2030> - a11y

- Is this just that these are radio buttons, not checkboxes - as the answers are mutually exclusive

- Matt will follow-up

<https://jira.sakaiproject.org/browse/POLL-187> - send to a11y

- same as SAM-2035 - will be fixed in the JSF tag library

<https://jira.sakaiproject.org/browse/SRCH-110> - send to a11y

- Still a problem in the default 10 search tool

-- Matt will poke around solar / elastic

- Velocity ~~Template~~ Macro tool (if the front end is the same - it will involve using the Velocity Macro library like the other tools, then the language will be user)

<https://jira.sakaiproject.org/browse/STAT-336> - send to a11y

- RSF tool (like Page Order)

- Matt COULD clone to Page Order?

- Gonzalo will look for other RSF tools that have same problem like maybe ~~Sign Up~~ (this is JSF based, maybe they can fix it at the tag library level)

<https://jira.sakaiproject.org/browse/SAK-25531>

Tutorial not working
