Community Support Statement

With the advent of the Sakai 20 series, official Community support for Sakai 12 ceases. Organizations running Sakai 12, 11 and earlier versions are strongly encouraged to upgrade to the Sakai 20 series in order to take advantage the most robust community support and most current security patches. Sakai 19 is still supported at this time.

License

The Sakai 20 series is licensed under the [Educational Community License version 2.0](#).
