

Accessibility WG Teleconference Minutes 01-23-2014

Attending:

Matt Clare
Joe Humbert

Regrets:

Neal Caidin

Agenda:

Sakai 10 Planning

- Release notes - <https://confluence.sakaiproject.org/pages/viewpage.action?pageId=86245732>
- PMC decision register - <https://confluence.sakaiproject.org/display/PMC/Decision+register>
- Concern about Signup - Gonzalo to take lead and *US* to assist

Notes on Math in Sakai

- MathJax if progressing <https://jira.sakaiproject.org/browse/SAK-22384>
- The inaccessible fMath was added to the CKEditor was added in Sakai 2.9.2 - <https://jira.sakaiproject.org/browse/SAK-23266>
 - Not sure if we can offer an alternative, but worth noting

Is everyone aware of <http://quailjs.org/> ?

- QUAIL is a jQuery plugin for checking content against accessibility guidelines. It provides a flexible way to test for certain problems (say, images missing an alt text) and a collection of over **200** tests to get you started.
- Could evaluate user content, one day.....
- Gonzalo will add to core tools in a demo server

Automated testing:

- <http://www.powermapper.com/> SortSite, good, but be prepared for false positives and negatives
- Michigan considering Deque, SSB-Bart
- SortSite: <http://www.powermapper.com/products/sortsite/>

JIRAs

Fixed (hope) recently - can use verification

<https://jira.sakaiproject.org/browse/SAK-22621>

- - Joe to take a peak

- Matt to reach out to Fluid / OCADu once we have constructive feedback

<https://jira.sakaiproject.org/browse/SAK-22651>

- Matt to verify

Most still arround language:

<https://jira.sakaiproject.org/browse/SAK-23005> - parent of a number of issues listed below

<https://jira.sakaiproject.org/browse/SAK-19700> - commented asking for a close (now verified)

<https://jira.sakaiproject.org/browse/SAK-23036> - commented asking for a close (now verified)

<https://jira.sakaiproject.org/browse/SAK-23022> - still worth fixing, and seems simple for someone who knows how, but I'd be willing to call it major (not critical)

<https://jira.sakaiproject.org/browse/SAK-25001> - commented asking for a close (now verified)

<https://jira.sakaiproject.org/browse/SAK-24972> - commented asking for a close (now verified)

<https://jira.sakaiproject.org/browse/SAM-2035> - closed as duplicate

<https://jira.sakaiproject.org/browse/SAM-2042> - further discussion that is difficult to summarize

<https://jira.sakaiproject.org/browse/SAM-2030> - closed as won't fix non-issue

<https://jira.sakaiproject.org/browse/POLL-187> - commented encouraging a solution

<https://jira.sakaiproject.org/browse/SRCH-110> - we know it's still a problem, but it's unclear what new search options mean as far as this HTML-level issue

<https://jira.sakaiproject.org/browse/STAT-336> - commented encouraging a solution

<https://jira.sakaiproject.org/browse/SAK-22571>

Gonzalo will try something!
