## Evaluating Testing Tools at Indiana University

<b>Description</b>	A walk-through of the evaluation and testing process for selecting a new testing tool at Indiana University. Learn how IU gathered user input, organized a set of requirements, and systematically worked through the many features of Mneme and Samigo in comparison with our legacy testing tool. Find out the results.
<b>Presenters</b>	Margaret Ricci, Kate Ellis, and Amy Neymeyr from Indiana University Bloomington
<b>Track</b>	Using Sakai
